Tim Dwight  
Tim Dwight Foundation

Hello Team,

I hope this letter finds you enjoying the last several weeks of summer; seems as if the rain has slowed finally. The Tim Dwight Football Camp has once again come and gone and this year I wanted to personally send out an appreciation letter to each of you that includes my thoughts as I reflect upon camp 2010.

Having moved to a new location and dealing with the rain on day 3, I was very pleased with the daily operations of camp: registration, meals, field maintenance, organization of merchandise, hydration station, etc. There are many other aspects of the camp I assure you I am missing, but their importance is second to none. I recognize most of these areas run smoothly due to your efforts and commitment. Every year it seems you step up to the challenge and deliver. This year was no exception and I would like to thank each of you for your contributions. There is nothing better than a team of individuals that come together and make things work.

I really feel good about the product we offer our youth. Our numbers are back up to the desired 300 campers, 35 coaches and we are fortunate to utilize facilities that stand up to the wild pace my camp demands. As the main fundraiser for the Tim Dwight Foundation, it is important that camp continue down this path to provide quality football experiences while raising money for the University of Iowa Children's Hospital and Tim Dwight Scholarship Program. With this year being the most successful financially we were able to donate \$25,000 to the Children's Hospital bringing our total in nine years to around \$100,000. We also awarded \$5,000 in scholarships to two high school seniors. Again thank you for your resources, commitment and support!

In closing, it is my hope that each of you are proud to represent me as a volunteer/sponsor at the Tim Dwight Football Camp and truly realize that you are a valuable member of the team. I am honored to be involved with people who really do care about others and want to join the fight against cancer. We have to keep pushing not only to find the cure but to help create the hope that these young individuals need to make it through each day. Cancer can touch anyone, anytime! So forward we go. Full throttle.

Sincerely Yours,

Timothy Dwight
